

Equifax International Credit Reports

Conduct your business around the world with confidence — and valuable credit-risk information from Equifax.

Doing business in a foreign country can be difficult, but Equifax can make it easier. Our International Credit Reports will help you cut through the problems associated with language barriers, foreign business practices, government policies, time differences, and travel expenses. Through a worldwide network of Equifax offices and affiliates, we can quickly provide you with comprehensive commercial reports on businesses in every country in the world.

Easy-to-read reports allow you to make consistent, informed decisions no matter the country

Equifax International Credit Reports offer you numerous benefits when you do business globally. Among these benefits...

- The reports provide you with key facts and information before you spend time and money traveling to assess, agree upon, and close the deal.
- The financial and banking data contained in the reports allow you to get an accurate sense of the size and scope of a business when you cannot visit the business yourself, or send a sales representative on a call.
- Quick delivery of the reports allows you to make timely decisions, protecting yourself from risk, as well as enabling you to take advantage of opportunities before it is too late.

You get information when you need it, in a format you can understand

Whether you need a credit report on a company in Ireland, Africa, or Singapore, we can get it for you quickly and cost-effectively. Simply let us know what company and country you want to know about, and we will have our network respond to your request by fax or e-mail. All Equifax International Credit Reports are delivered in English, and are monitored for quality and content. The reports typically contain...
